Another Chapter of Panama Rallroad History.

On Friday, October 8, the Panama Railroad Company, owned by the United States Government, issued a circular fixing at \$3 a ton the freight rate across the Isihmus, this rate covering all charges.

On October 19 the authorities responsible for the circular of October S. a classification of rates, under which from one end of the road to the other would have been \$9.

On Saturday, October 30, the Secretary of War, in whose jurisdiction the supervision of the Panama railroad falls, rescinded the schedule of October 19, and ordered the reestablishment of the rates of October S.

For Businesslike Methods with the administration of justice and The board has learned, it said,

The question presented to the people of New York is not whether the new Constitution is a faultless instrument, but whether it is an improvement upon existing conditions, because the world never has seen and never will see a perfectly flawless code of laws. It is conceed that at no time in their history have the people of New York chosen representatives better fitted by characterized the ment of partisanship entered into their consideration of the great fundamental questions which the convention submits to the people.

It is not necessary to say that reforms make their way slowly, and that always there is opposition, always discouragement, but the nation, the State, the community and the individual which advances and achieves is the one that when they come within its grasp, and it is to be hoped that the people of New York will regard the new Constitution is run, may devise budget systems applicable to the business affairs of their colleges—a "handbook of university finance."
